

SCHEDULE

Each week you will get a schedule of assignments. They will be listed in order of the week and posted in Teams.

WISH LIST

Any classroom needs for supplies or science experiments will be posted here each week.

Homework

Work to complete at home this week:

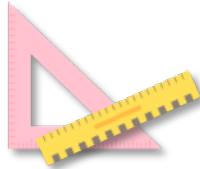

1. Use notes to answer questions on the multiple choice quiz.
2. Use book and notes to complete the crossword puzzle.
3. Complete the Nearpod activity that will be posted on Teams on Wednesday.
4. Be sure to check in on Teams each day when you are not in school so you can be marked as present at school.

Topics We'll Study: This week

We will be studying

We will begin the year with **Ecosystems, Food Chains, Energy, and Biomes. In this unit, you will discover how energy is transferred between producers and consumers, and how we effect our environment.**

Online Sites

Be sure to check these sites for added activities or assignments.

Expectations

This week we will be

If you have Internet at home: You will be expected to log into Teams each day. When you complete an assignment there, it will count as your attendance check for the day. It is important that we know when you are working and whether or not you understand the information given.

If you do not have Internet at home: You will be given a packet of work to complete on the days we are not in school. You teachers will reach out to you each day to see if you have any questions about an assignment. If we are not able to contact you, we will not be able to record your attendance for the day.
